Special Nurses are arranged for on the order of the doctor or at the request of the patient. The fee for the Special Nurse is paid directly to her. The hospital makes a charge for her meals while on duty.

The Physicians', Surgeons' or Specialists' fee is not included in the room rate, but is a matter of arrangement between the patient and his or her doctor.

Where accommodation permits, and the condition of the patient requires it, companions are admitted at half rate.

The Rules of the Hospital provide that Hospital Charges must be paid weekly in advance. The patients or their friends are, therefore, requested to make financial arrangements at the General Office, on the Main Floor, as soon as possible after admission. This will avoid the necessity of sending bills to patients in the Hospital.

The Hospital will not be responsible for money, valuables or clothing kept by the patients. Provision is made in the Office or Clothes Room for the care of such property.

## VISITING HOURS

**Private Rooms—10 to 12, 2 to 5, 7 to 9.**

**Semi-Private Wards—2 to 4, 7 to 8, every day except Saturday and Sunday evenings.**

No visiting is permitted at other than these hours unless the patients are reported as seriously ill, or under other exceptional circumstances. It is necessary in the interest of the patient that visiting be restricted to these hours.
